

Zen Studios Smuggles *Solo: A Star Wars Story* Content Into *Pinball FX3* This September

Three New Tables Jump to Hyperspace in the Star Wars™ Pinball: Solo Pack

San Francisco, CA – August 20, 2018 – You might wanna buckle up, baby. Zen Studios has announced a pack of three new *Pinball FX3* tables inspired by *Solo: A Star Wars Story™*. Landing in our galaxy on September 12, just days before the film’s home entertainment release, *Star Wars™ Pinball: Solo Pack* includes new digital tables inspired by the film itself and beyond. The pack will be available for download on PlayStation 4, Xbox One, Steam, and Windows 10, while the *Zen Pinball* and *Star Wars Pinball* apps will host each table individually on the App Store, Google Play, and Mac.

Star Wars™ Pinball: Solo – It’s the digital pinball table that—for the first time ever in a video game—makes the Kessel Run in less than 12 parsecs (if you round down). Exciting 3D character and vehicle models roar to life as you relive all your favorite movie scenes from *Solo: A Star Wars Story*, from the grand Conveyex shipment heist, the speeder chase and piloting the *Millennium Falcon*, to meeting familiar faces like Lando Calrissian and Chewbacca.

Star Wars™ Pinball: Calrissian Chronicles – Hello, what have we here? Live Lando's life, from smooth-talking smuggler to Rebel hero who helped destroy the second Death Star. Missions in this table not only base themselves on iconic Lando movie moments, but also on his memorable appearances in *Star Wars Rebels™* and Marvel's *Star Wars™ Lando* (2015) comic book. More than 15 of Lando's enemies enter the fray, as well, not to be outdone by team-ups with the likes of Lobot and Han Solo. Unless, of course, sabacc cards are involved—then it’s time to compete directly with Han... “fair and square.”

Star Wars™ Pinball: Battle of Mimban – For the glory of the Empire! Deploy an Imperial army and lead it to victory against the fierce inhabitants of the planet Mimban. There will be no deserters in this rendition of the battle brought to life in *Solo: A Star Wars Story* where Han Solo met Beckett. And if there are? Feed them to “the beast” in the pit! Then, unleash devastating AT-DT attacks, take on enemy troops on an action-packed mini playfield, dirty things up further with a Mudball Multi-ball and more.

“*Solo: A Star Wars Story* was a fantastic new entry to the *Star Wars™* saga, and we’re happy to offer a variety of new tables for fans to enjoy in celebration of the film’s home release,” says Mel Kirk, VP of Publishing at Zen Studios. “Between *Solo*, *Battle of Mimban* and—my personal favorite—*Calrissian Chronicles*, you’re getting three very distinct pinball experiences in this pack. If you’ve never played *Pinball FX3*, which will include close to 20 critically acclaimed *Star Wars*-themed tables with the release of the Solo Pack, this is a great place to start. To paraphrase Lando, everything...you’ve heard about *Star Wars Pinball*...is true.”
